❷ includes: ice breaker, social dinner, mid conference field trip and one activity per day to be chosen.

We have exciting pre, mid and post-conference field trips planned. Pre and post-conference trips include visits some of Italy's volcanoes and geothermal waters (e.g. Campi Flegrei, Etna, Larderello, Monte Amiata), biomineral processes in Calabria, examples of fluid-rock interactions in the Ligurian Appenines, and migmatites and granites of North Sardinia. Mid-conference field trips include visits to the mines of Silius, Gadoni and Montevecchio to discuss environmental geochemistry, and trips to see the archaeological sites of Nuragic civilizations.
